

Member Supported –

We rely on your generosity to continue delivering important experiential programs for nature-based education.

Over 2,300 students learn alongside our naturalists each year

Abundant bird life can be found around the pond

Nature camps and Pre-K programs run year-round

Nature's beauty is everywhere – even the forest floor!

We often hear what a jewel Sheldrake Environmental Center is to the community. We are privileged to witness, every day, the positive effect a walk around our pond has on the children, families and adults who visit here. We estimate that over 6,000 people benefit from Sheldrake each year!

In order to provide the opportunities we do, Sheldrake depends on the support of our members. Membership is a primary source of steady funding to underwrite our educational programming and community outreach efforts such as:

- Monthly Family Nature Hikes
- Annual Fall Nature Festival
- Young Explorer Programs
- Summer Nature Camps
- Reservoir and Beach Clean-Ups
- Habitat Restoration
- Elementary School STEM Classes
- Environmental Education for Under-served Communities

Frankly, we couldn't exist without our members.

Sheldrake offers nearly 60 acres of green space to enjoy wholesome, educational, family fun. Explore our woods, relax by the pond or stroll by our newly re-established meadow and enjoy abundant wildlife including dragonflies, butterflies, frogs, numerous birds and a variety of plant life. Participate in a program with a naturalist, have a nature birthday party, or simply come and take a hike.
